

Mankind's relationship with the environment has historically been one of callous destruction. In the video, the man has a very toxic relationship with the animals who inhabit the environment. Throughout the video, the man unnecessarily slaughters animals to make luxury items, among other items and products. In addition, he destroys the Earth's natural environment. Near the end of the video, he basks in his chair, overlooking the concrete empire he built after the deforestation of land and garbage-filled, radioactive oceans.
